STRENGTHS

⚡ **Coding Expert**
Proficient in HTML, CSS, JS

☆ **Problem Solver**
Innovative approach to challenges

★ **Team Player**
Excellent collaboration skills

SKILLS

HTML   CSS   JavaScript

Responsive Design   GIT

Bootstrap

INDUSTRY EXPERTISE

Front-end develoment

PASSIONS

💎 I have a deep passion for delving into and mastering cutting-edge technologies in order to push the boundaries of innovation and remain at the forefront of the ever-changing digital world. I am always eager to expand my knowledge and put new skills into practice, wholeheartedly embracing the challenges that come with being a part of the constantly evolving tech industry.

SUMMARY

As a frontend developer, I am truly passionate about creating web applications that are not only visually appealing, but also highly functional and user-friendly.

I have a special combination of skills, flexibility, and commitment that allows me to quickly understand difficult ideas, adjust to changing demands, and consistently achieve outstanding outcomes.

EDUCATION

BSc Computer Science

University of Mumbai   📅 Date period   📍 Mumbai, India

PROJETS

Portfolio

In my portfolio, I like to showcase a diverse range of projects that really show off my skills in web development and design. I've used a combination of HTML, CSS, and JavaScript to create some pretty impressive and eye-catching solutions. It's always been important to me to not only have strong coding abilities but also to constantly strive for innovation in crafting digital experiences.

Spotify clone

I adeptly crafted a Spotify clone using HTML, CSS, and JavaScript, replicating Spotify's key features and layout while ensuring a seamless and intuitive user experience.

YouTube clone

I successfully developed a YouTube clone using HTML, CSS, and JavaScript, mirroring the core functionality and design of the popular platform within a user-friendly interface.
